Dear Lauris,

It has been a couple of weeks since you first spoke with me about purchasing a Mazda 3.

As I like to stay in touch with my customers, may I again assure you of our Company's best efforts to satisfy every aspect of your new vehicle requirements?

Naturally the final purchase price plays a large part in your decision as to where you will buy and, as circumstances can often change from our original discussion, we are always happy to review this with you.

I trust we can be of service and look forward to seeing you again soon

Regards,

Caesar Rose
